

MOHU™

vibe amplified

50 MILE RANGE AMPLIFIED INDOOR HDTV ANTENNA

New! A micro version of our signature Leaf TV antenna, the Mohu Vibe Amplified has a contemporary design to complement any room and a 50-mile range with the Jolt Switch in-line USB amplifier. Perfect for city, suburban, or single-TV homes and compact living spaces. High-performance coaxial cable is attached to the antenna for optimal function and fewer opportunities for lost signal. Multi-directional UHF and Hi-VHF elements provide

TV signal reception from the front and back of the antenna. Small and mighty and made for efficiency, the Vibe hangs on the wall to save space and features a decorative frame and attractive tweed material. **Enjoy watching free broadcast TV channels with the next generation of indoor TV antennas.**

Everything you want in an indoor TV antenna

- Warm grey tweed texture with decorative frame that is both lightweight and low-profile
- Discreet installation to hang on a wall
- Easy setup only takes minutes
- Multi-directional UHF and Hi-VHF elements specifically tuned to the frequencies broadcast in North America receive TV signals from both sides of the antenna
- Engineered using technology developed the U.S.A.
- Full HD 1080p, 4K, 8K UHD, and NEXTGEN TV compatible

BETTER BOOST, BETTER SIGNAL

The Jolt Switch is an all-in-one solution providing real-time amplification. Switch **ON** for clear, efficient TV signal boosting. Switch **OFF** to easily bypass the amplifier while still benefiting from RF signal filtering.

PERFORMANCE AND STYLE

Thanks to elegant design on the outside and advanced technology on the inside, your antenna can be just as sharp as the crisp HD picture it delivers to your TV.

MULTI-DIRECTIONAL

UHF/Hi-VHF multi-directional elements receive TV signals from the front and the back of the antenna.

SMALL AND MIGHTY

Enjoy watching free broadcast TV channels with the Mohu Vibe Amplified. Easy setup and low profile of both antenna and amplifier make this antenna perfect for city, suburban, and single-TV homes and compact living spaces like dorms and apartments.
