

FLEXI PRO

Soft-Touch Silicone Cable 15ft | USB-C to USB-C

It's time for a charging upgrade. Super-soft and super-bendy, our Flexi Pro cables flow where you take them and stay where you want them - no more twists, kinks, and tangles. The super-durable and tear-resistant exterior is 10X stronger than standard cables while being oh-so-soft to the touch, and it comes with a silicone cable strap for on-the-go convenience. Universally compatible with all USB-C devices from phones to laptops, and Power Delivery-enabled so you can super-fast charge your iPhone 15 or Android phone from 0 to 50% in just 25 minutes.

You don't see a 15-foot cable every day - we made this one super-extra-long to give you the absolute maximum reach wherever you want to charge, whether you're routing it under your desk or stretching it across your living room.
