

AUSTERE

FLAWLESSLY CONNECTED, FIERCELY PROTECTED

Austere is moving beyond the primary function of providing power, to a place where performance, safety, and design come together to define what you should expect in power.

Our surge protector power strips create an elegant way to power your home electronic devices. Always.

AUSTERE

AUSTERE V SERIES 6 & 8 OUTLET POWER

Austere Power products are an elegant way to safely and reliably power electronic devices throughout the home.

PUREFILTRATION

PureFiltration technology insulates the power signal from external EMI/RFI disturbances to deliver video and audio perfection.

FLAMELESS MOV PROTECTION

Austere employs flameless MOV circuits and thermal protected outlets, keeping you safe from a home electrical fire.

SMARTFIT OUTLETS

Our SmartFit outlets have plenty of room to accommodate the bulkiest plugs.

OMNIPORT USB CHARGE

The OmniPort USB features five rapid charging ports (2 USB-A; 3 USB-C) to each deliver up to 2.4 Amps of charging power while protecting your low-voltage devices.

COMPONENT GUARANTEE

Our Component Guarantee promises that if an Austere Power Strip is responsible for any damage to a plugged-in device, Austere will replace that device regardless of its value.

LIFETIME GUARANTEE

We stand behind our product for its lifetime. Protection, performance and peace of mind. Always.
