# product instructions

## assembly:

instructions (even ours) can be boring, so we've tried to keep them short:

- 1. unzip** cover and locate the air valve. fully inflate by mouth and then zip up the cover.
- 2. place** your booster seat on an adult chair, securely fasten the safety straps around the back and underside of the chair. tighten the straps so they are snug.
- 3. place** your little one on the seat and secure the seatbelt.

## washing:

- 1. it's** machine washable, so just remove the cover, use the cold setting, and then let air dry.
- 2. if** needed, clean the inner vinyl air bladder using a damp cloth to wipe it clean. allow vinyl time to air dry.

## final word:

we hope you love your NeoBoost as much as we loved designing it. lots of hours (and caffeine) were put into its design, and we are incredibly proud of it.

keep an eye out for a lot of new hiccastuff coming out soon!
