

## ■ OPERATING INSTRUCTIONS:

**IMPORTANT:** Before using your CHANGEdesk<sup>mini</sup>:

- 1** Read and clearly understand the contents of this manual
- 2** Understand how to adjust CHANGEdesk<sup>mini</sup> correctly
- 3** Practice adjusting CHANGEdesk<sup>mini</sup> with nothing on it.

CHANGEdesk<sup>mini</sup> ships fully assembled & requires no installation. CHANGEdesk<sup>mini</sup> is an adjustable-height platform designed to hold laptops, single & dual monitors, and other similar devices at a comfortable height for sitting or standing at a desk. The max load is 25 lbs.

**IMPORTANT:** BEFORE placing a computer, monitor, or other device on CHANGEdesk<sup>mini</sup>, practice adjusting CHANGEdesk<sup>mini</sup>'s height.

1. Place CHANGEdesk<sup>mini</sup> on top of any level desk, table, or counter.

2. To Adjust The Height:
- Use both hands to grasp the top panel.
  - Squeeze the adjustment lever with your right hand.
  - Raise or lower the top panel to your desired height
  - Release the adjustment lever.
  - Ensure that the top panel is locked in place.
  - Release your grasp on the top panel.

3. Quickly Height-Adjustable  
Once familiar with the lever locking system, you can quickly adjust the height of your device in seconds!

### TIPS:

- The top panel is smooth and ideal for writing.
- CHANGEdesk<sup>mini</sup> adjusts to 4 height settings from ~ 3 – 14”.
- The spring-assisted height adjustment is fast, smooth & safe.

### COMMON USES:

- Adjustable-Height Monitor Stand:  
Conveniently elevate monitors to eye-level when sitting
- Simple Laptop Standing Desk:  
Stand up and work on your laptop anywhere!

**WARNING!** Only adjust CHANGEdesk<sup>mini</sup> when nothing is on the bottom shelf.

**WARNING! PINCH POINT!:** Do not place fingers or extremities near or inside the “X-shaped” joints.

**DANGER! PINCH POINT!:** Do not let fingers or extremities cross the vertical plane created by the X-shaped joints.
