

HE-CHASE-UNDGKT

CHASING LED UNDERGLOW LIGHTING

SALES 386-257-2956

PRODUCT OVERVIEW

This kit includes 6 sealed LED tubes, mounting hardware, and Pro Controller. The RGB Chasing tube layout was designed to separate the left and right sides of a vehicle. When a pattern is selected within the app, that lighting pattern will track down each side of the vehicle with the same timing. The Pro Controller provides 12volt triggers for the option to turn lights red when vehicle is braking and yellow for turn signal indication.

- 6 Sealed Polycarbonate LED tubes: (4) 18" & (2) 48"
- Mounting hardware, & extension cables
- Water-resistant Heise connector
- Includes Pro Controller, RF card remote
- Option to turn lights red when braking, yellow for turn signals with the included RGB controller
